

The Impact of Clinical Communication on Hospitals

Hospitals nationwide use TigerConnect to connect their care teams, increase profitability and improve patient outcomes.

With dramatic changes to the healthcare industry, hospitals and health systems are starting to see the value of mobile, integrated communications.

34 Million
patients are admitted to the
hospital each year

(AHA: Hospital Facts to Know)

\$1,000,000
- the average cost of inefficient
communication within hospitals

(Ponemon Institute study)

\$4,000,000
Lost annually by a typical 500
bed hospital as a result of
communication inefficiencies

(Journal of Healthcare Management)
